Anne,

Bill and I are having trouble with your request. We had two colleagues who handled the CBI designations, but one has left the firm and the other is now on a leave of absence. Do you have a time for a brief call tomorrow morning so that we can discuss this issue and make sure we are on the same page as EPA? I suggest 10 am cst, but we are flexible if you prefer another time.

Subject: Clean Water Act Inspection Report

Good afternoon,

Attached please find the list of attachments to the CWA inspection report. I have circled four documents that have been previously claimed CBI and/or may have some limited basis for a potential claim. If you would like to have these documents treated as CBI please substantiate on or before April 14, 2017 using the factors set forth in the Agency's February 3, 2017 CBI Substantiation Request. I know the time frame for the response seems limited but EPA asked for this same information in an email from Pat Miller dated March 10, 2017 and have not received a response with the requested substantiation. Thank you in advance and please do not hesitate to contact me if you have any questions.
